INTRODUCTION

MMO Trading est has been a leading supplier for highquality Mechanical, Electrical and Instrumentation products and calibration equipment and services in the kingdom of Saudi Arabia. We have been supplyingreliable Electrical & Instrumentation (E&I) solutions for from the most renowned manufactures in the world.

Our customers have been trusting us in supplies for major projects and industrial works which built the modern Saudi Industrial infrastructure. Those customers, we proudly serve, are ranked among the top companies in KSA . What distinguish MMO is its close relationship and collaborated work activities with the international manufacturers from over the world.

Our strategy is to involve manufactures from early bidding and quotation stages and make them aware of all customers detailed requirements during the entire supply process and even after sales and installations. Our manufactures and suppliers are carefully chosen to be world class companies from Saudi Arabia, USA, Europe & Asia

PRODUCT RANGE

- RIGID GALVANIZED STEEL CONDUITS
- PVC COATED RIGID METAL CONDUITS
- FLEXIBLE & LIQUID-TIGHT FLEXIBLE METAL CONDUITS
- RIGID ALUMINIUM CONDUITS
- PVC CONDUITS
- CONDUIT BODIES & FITTINGS PVC COATED
- CONDUITS CLAMPS & HANGERS
- CONDUIT OUTLET BOXES WITH COVERS
- CABLE TRAY, FITTINGS & ACCESSORIES
- CABLE GLANDS & ACCESSORIES
- CABLE LUGS & WIRE TERMINALS
- CABLE TIES & TAGS
- CABLE TRANSIT SYSTEMS
- HEAT SHRINK SLEEVES & FERULES
- SEALING COMPOUND & FIRESTOP
- RECEPTACLES & OUTLETS
- NEMA ENCLOSURE
- METERS, TESTERS & TOOLS

CONDUITS

RIGID GALVANIZED STEEL CONDUITS

- Fabricated from hot-dip galvanized steel inside and out
- Size are readily available 1/2 inch to 6 inch
- UL® Standard for Safety for Electrical Rigid Metal Conduit – Steel, UL-6

PVC COATED RIGID METAL CONDUITS

- 40 mil gray PVC exterior coating & 2 mil gray urethane interior coating
- Clear urethane coating over hot galvanized threads
- 12 trade sizes from 1/2" through 6" & Shipped in 10 ft. lengths

FLEXIBLE & LIQUID-TIGHT FLEXIBLE METAL CONDUITS

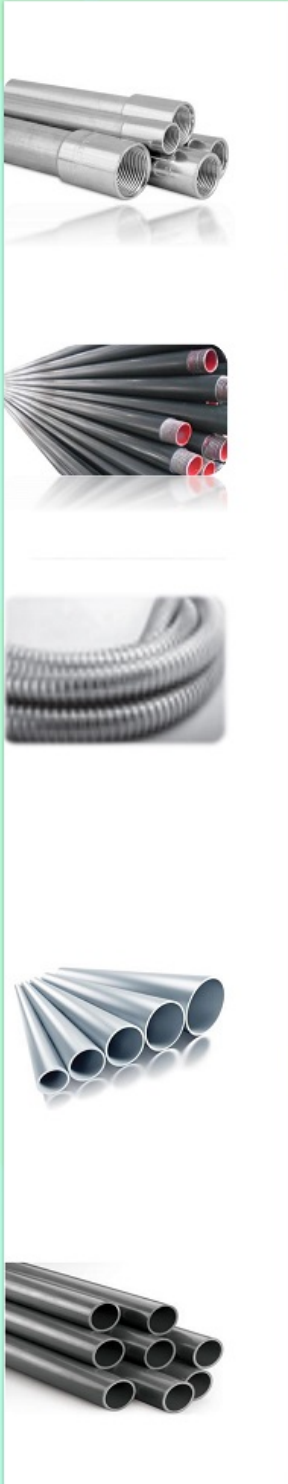

- Flexible Metal Conduits are available in many different options ranging
- From Reduced Wall to Full Wall,
- From Extra Flexible to extra slinky styles.

RIGID ALUMINUM CONDUITS

- Perfectly suited for industrial, corrosive and
- Explosive environments
- Trade sizes from 1/2" through 6" & Length: 10' and 15'

PVC CONDUITS

- Heavy Duty, HEAVY & Medium Gauge UPVC Conduits
- complying with BS6099
- Trade sizes from 1/2" through 4" & Length: 10'

- Vertical 90° Outside Riser
- Vertical 90° Inside Riser
- Adjustable Riser Reducer
- Bend 45°
- Bend 90°
- Tee Branch Intersection
- Connector
- Barrier Strip ,Joint Plate, End Plate, Drop Out Plate
- Cable Tray Cover ,Framing System Accessories

CABLE GLANDS

- Industrial / General Purpose
- Unarmoured Cables
- Material: Brass, Aluminium, Stainless Steel, & Nickel Plated Brass
- Available in a variety of thread forms, materials and sizes
- Explosive Atmosphere
- Armoured Cables
- Single Compression & Double Compression
- Barrier Gland & Compound Barrier Seal
